W.O.C.N.F., R.N., Director for the Doctor of Nursing Practice — Family
Nurse Practitioner Degree Program

Doctor of Nursing Practice—Family Nurse Practitioner Degree Program

The Doctor of Nursing Practice—Family Nurse Practitioner Degree Program at UC Davis is a post-baccalaureate program that prepares new family nurse practitioners. The DNP-FNP program is a three-year hybrid program that combines distanced-based education with four on-campus immersions. Students learn to engage in patient- and family-centered, evidence-based primary care. Through reflective practice and interprofessional collaboration, alumni are advanced practice providers who lead bold system change and promote health care innovation by informing and advancing health policy and health equity locally, nationally and globally.
